### Stanford Medicine in the News

**A message from Stanford Health Care: Contract agreement reached**

We are pleased to share that a three-year contract with CRONA (The Committee for Recognition of Nursing Achievement) has now been ratified. After extensive discussions, we were able to reach a contract that reflects our shared priorities and enhances existing benefits supporting our nurses’ health, well-being, and ongoing professional development.

The agreement sets the stage for mutual respect, collaboration, and continued growth. We thank Mediacorp for their understanding, efforts, and commitment.

**Taking Care of Yourself and Others**

- **Participate in COVID-19 research**
- **Give blood, platelets, or plasma**
- **Improve vaccination awareness**

### Why Giving Matters

- **Why Giving Matters**
